Evan Taylor

evan@evan-taylor.com ❖ (360) 904-2901 ❖ San Luis Obispo, CA/Vancouver, WA

OBJECTIVE

Motivated Computer Science student at California Polytechnic State University with a strong foundation in software development, data structures, and systems design. Eager to leverage experience in Python, Java, and C to contribute to innovative projects in technology. Passionate about machine learning and UI/UX design. Seeking to apply strong problem-solving skills and collaborative mindset to drive impactful solutions while gaining hands-on industry experience.

EDUCATION

California Polytechnic State University   *San Luis Obispo, CA*
Bachelor's of Science in Computer Science
Expected Graduation, June, 2027
- Currently pursuing courses in systems programming, algorithms, and software development.
- Interested in pursuing a minor in Entrepreneurship

WORK EXPERIENCE

Hovn   **June 2025-Present**
Software Development Intern   *Remote*
- Contributed to full-stack software development, collaborating on both front-end and back-end features for the Hovn.app platform.
- Designed and implemented new features, fixed bugs, met with and provided support to customers, and optimized existing code to improve user experience and platform performance.
- Collaborated closely with co-founders and developers to strategically plan, prioritize, and deliver key features that address customer needs and drive the Hovn.app product roadmap forward.

Manage Incorporated   **June 2025-Present**
Intern   *Remote*
- Developing a mobile application to enable secure integration and communication with IBM Series i systems.
- Implementing robust authentication protocols and user management features to ensure enterprise-grade security for customers. Designing and building a configurable push notification system to alert users to urgent events and updates.
- Utilizing React Native, Node.js, and IBM i technologies to deliver a seamless cross-platform experience.

Taylored Instruction LLC   **May 2023-Present**
Founder   *Vancouver, WA*
- Founded and operated a company providing health and safety training, emphasizing customer service, communication, and organization.
- Partner with local organizations and manage both public and private classes, ensuring a high level of customer satisfaction.

Skills

- Strong interpersonal and communication skills developed through teaching and training experiences.
- Proven leadership in team settings, including managing operations and customer service.
- Excellent problem-solving abilities, especially under pressure.
